OPERABLE UNIT NO. 2 SUBSURFACE INTERIM MEASURE/INTERIM REMEDIAL ACTION
(IM/IRA), SOIL VAPOR EXTRACTION - NMH-477-93

This letter is to notify you that EG&G Rocky Flats, Inc. is ready to conduct pilot testing of the subsurface IM/IRA soil vapor extraction pilot project on September 15, 1993. Although EG&G is ready to start pilot tests in accordance with the Pilot Test Plan, we will not do so due to site conditions which are outside the range of operating conditions presented in the Decision Document and Pilot Test Plan.

These conditions present safety concerns which were presented to you on September 13, 1993. EG&G is evaluating the new site conditions (the presence of non-aqueous phase liquids (NAPLs)) and will propose modifications to the Pilot Test Plan with a new schedule and any cost impacts. If you have any questions or require further information please call M. D. Klein of Environmental Engineering & Technology at X6950.
